

## Word On The Street

*Life, One Frame At A Time*

Members,

*A Quick Note Of Appreciation.*  
BIG THANKS for supporting my passion- BIGGER THANKS for your love and support of the arts.

Through my over 1 million traveled miles, I have been fortunate to be introduced to some of the most brilliant creatives and inspirational places - all which have played a HUGE influence on my evolving street photography journey.

I genuinely believe in the power of sharing- so with that, here is my newsletter, **Word On The Street** created to **introduce you to my own personal mentors, recommend influential visionaries to follow, suggest new places to visit, offer ways to give back to our community, and unique ways to differentiate your own art - music, paint, graphics, theatre, photography-** you name it!

Always feel free to share this newsletter with anyone you think may want to join in *and* send me an email if you would like to see a person, place or idea highlighted in a future Word On The Street or if you just want to say hi!

Thank you & have a great day!

-Dan

Built within the childhood and then adult home of Edward Hopper, The Edward Hopper Museum has varying tours, exhibits internships & classes year round! This unique museum allows visitors to dive into the mind of one of our most recognized realist artists.. who created regardless of not living in a "realist" time.
